PROFILE

BA in Design graduate focused on hospitality spaces and branded experiences. Develops concepts from space planning and drafting through 3D visualization and presentation. Brings 12 years of guest-facing hospitality experience to designs that serve both visitors and staff.

SELECTED DESIGN PROJECTS

The Rolling Bar

Senior Project

- Designed a modular mobile bar with a fold-out service counter and an efficient interior bartender workspace.
- Produced floor plans, elevations, exploded diagrams, material selections, brand identity, and 3D visualizations.

Ocean Spa

Academic Project

- Planned reception, pool, treatment, and lounge areas with attention to circulation and the guest experience.
- Created zoning diagrams, a reflected ceiling plan, interior renderings, and a physical model.

Angel City FC Fan Zone Frenzy

Academic Project

- Designed gateway, celebration, and community zones for a branded fan experience.
- Developed spatial concepts and presentation visuals that connect fans with the club and one another.

PROFESSIONAL EXPERIENCE

Bartender | Walnut Room Saloon

Tustin, CA · 2019–Present

- Deliver attentive service in a fast-paced bar, tailoring recommendations to guests and maintaining a welcoming atmosphere.
Curated event experiences by integrating cocktail service with ambiance and branding.
- Designed bar layouts and guest experiences for high-end private events.
- Managed customer engagement and branding aesthetics at venues.
